members **Join tour**

Some young fellas look way too hot for their own good, and that's where there is the catch with them. We do not need their permission to let us pin them down and stuff them full of hefty manly meat. Screaming and kicking will only make the raping bullies hornier. We've got every kind of forced gay sex action here, including forced gay blowjobs, blood-drenched sodomizing and cum-oozing forced gay gangbangs. Tears on cute faces of young boys and tight assholes cracked, you are going to love this place if you fancy things to be on the rocky side!

kagan, wood head list of likely court nominees

09.04.10

Earlier this week, the White House, Robert Gibbs, Press Secretary said that Justice John Paul Stevens should retire, a candidate would be available shortly after.

"We'll be ready," said Gibbs.

Gibbs and the Obama administration must now back up their talk. Stevens sent a letter announcing his retirement for President Barack Obama Friday.

The immediate speculation about who will replace Stevens focuses on two female candidates: Judge Diane Wood of Appeals and Solicitor General Elena Kagan.

Federal Judge Merrick Garland, a former senior Department of Justice who is well respected and regarded as less likely to cause significant Republican opposition, has also been tossed about as a possible candidate.

Jesse Walker notes Reason:

Brendan O'Neill has a great piece of MS! KED on sex slaves hordes of phantom invoked whenever an event of international scope is in sight. Imported 10,000 prostitutes were expected to Sydney Olympics in 2000 (turns out that there was "no hard evidence of all women have been" imported "into Australia for sexual exploitation), 20,000 to Athens Games four years later (if "the Greek authorities discovered 181 cases of people being trafficked into Greece for the whole of 2004, and not one of those cases was" trafficking for the purposes of sexual exploitation "), 40,000 to the German World Cup in 2006 (police actually found a total of five), and another 40,000 in the next World Cup in South Africa (stay tuned for the actual figure !). O'Neill concludes that this recurring fear "is about an elite fear of unpredictable movements across borders, the behavior of the working class men and women in the Third World are easily duped into a life of sexual slavery" - and he notes that the British government is already warning the public about sexual servitude to come, when London hosts the 2012 Olympics....
